

Cooking

We will be exploring soup this half term. We will be learning about the safe way to use knives when chopping vegetables and how to stay safe around hot pans.

Expressive Arts

We will be acting out different stories to help us better understand them.

We are learning to sing and sign 'Hall of Fame' by The Script

Phonics

We will be consolidating Phase 3 and 4 of letters sounds.

We will be learning to read and write some new tricky words such as said, do, so, come and some.

Maths

We will be starting to develop an understanding of addition and subtraction within 10 using part whole models, number sentences and practical resources. We will be developing our reasoning and problem solving skills.

Year 1

Autumn 2

Soupendous Vegetables

Computing

We will be using Hector's world videos to help us learn about personal information and understand how to stay safe on the internet

English

We will be reading 4 Core books about soup; Carrot Soup, Pumpkin Soup, Soup Day and Letters from Santa.

PSHE

We will be working with Jigsaw Jack and Jigsaw Jerrie Cat to celebrate the differences between us. This term we are exploring keeping safe and learning about our support network.

STEM

We will be talking about how vegetables grow and how they change when they are cooked. We will be using words such as bulb, seed and identifying the parts of plants and trees.

PE

We will be learning about different ways of moving, spatial awareness and team games.

Maths

- **Part-Part-whole model** - When adding 2 parts come together to make a whole number. When subtracting we know the whole number and one part which can help us find the other part.
- **Tens frames** - These help us to recognise our number bonds to 10 and begin to develop our understanding of place value.
- **Counting on and back** - When adding and subtracting will be moving on from counting every object to holding the first number in our heads and continuing to count either forwards (add) or backwards (subtract). This will be on a number line and in our heads.
- **Subtraction** - We will be learning that subtraction can mean different things such as; taking away objects, finding out how many are left, and finding the difference between 2 objects.

What is the difference between 8 and 6?

Key dates

PE Sessions

Monday: Pelicans

Wednesday: Swans

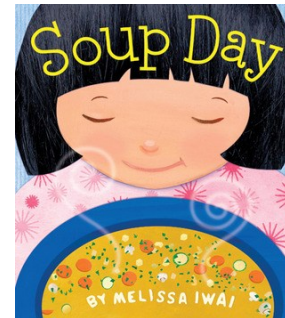

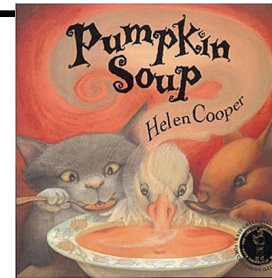

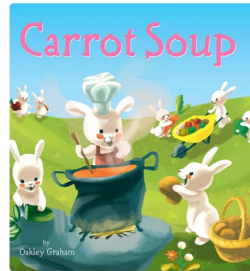

Warm PE clothes are needed—dark jogging bottoms and tops.

Friday 11th December: Christmas Jumper Day

Friday 18th Dec - finish for Christmas holidays

English

- We will be using 'adjectives to write character descriptions.
- We will be making story maps, acting out and re-writing some of the stories we are reading.
- We will be thinking about why some of the characters act the way they do and how they could solve their problems differently.
- We will be using our 5 senses and thinking of adjectives to describe the different vegetables we are using and exploring.

Key Vocabulary

- Bulb, stem, seed, flower, petal, root, leaf/leaves, soil etc.
 - Tree Names e.g. birch, oak, evergreen
 - Upgrading our vocab
- Cut - chop, slice
- Mix - stir, combine
- Put - pour, add, place,
- Cook - fry, sizzle, soften, boil, simmer
