

Geography

We will be learning the names of the 4 countries within the United Kingdom, some traditions from these countries and what their capital cities are.

RE

We have 2 RE topics this half term. One is called 'What do Christians believe God is like?' and the other is 'What do eggs have to do with Easter?'

Science

We will be recognising and naming animals in the UK. We will learn how to look after animals in our local area and learn what the words herbivore, carnivore and omnivore mean.

Phonics

We will be continuing with our Phase 5c learning. We will be looking at all the different spellings for our sounds and learning the best bit rules that go with them.

Maths

We will be continuing our learning of place value up to 50. We will also be measuring length, height, mass and capacity using standard and non-standard units of measure.

Year 1 Spring 2 Pets and Wild Animals in the UK

Computing

We will be programming computers, iPads and BeeBots using algorithms, which are a specific set of instructions.

English

We will be reading two books this half term. The Day the Crayons Quit for World Book Day and Pig the Pug which will help us start our learning on animals.

PSHE

Our JIGSAW topic is called 'Healthy Me'. We will be learning how to make healthy choices, understand the dangers of medicines, and how to stay safe around roads.

DT

We will be using our science and engineering knowledge to design, create and evaluate houses for pets and other animals in the wild.

PE

We will be continuing our Gymnastics learning this half term. We will be making wide, narrow and curled shapes with our bodies as well as learning how to jump and land safely on the floor and apparatus.

Maths

Place Value to 50 - Using tens and ones to understand the difference between our digits. This will help us write our numbers correctly.

Comparing objects and number to 50 using our $<$ $>$ and $=$ symbols.

Noticing patterns when counting in 2s and 5s

Identifying standard and non-standard units of measure when measuring length, mass and capacity.

Measure accurately using non-standard and standard units of measure

Compare measures using suffixes –er and –est.

Measure accurately using non-standard and standard units of measure
