Maths

It is imperative that times tables are practised every single day in preparation for the upcoming times table assessment.

Your child needs to know all their times table facts from 1- 12 and they need to be able to answer these in under 6 seconds.

The actual test is done on an ipad/computer so your child needs to practise using this for their homework.

<https://www.timestables.co.uk/> and <https://ttrockstars.com/> are two websites that you can use to practise.
