

12th October 2018

Dear Parents and Carers,

OFSTED Inspection report

As you're all aware, Lakeside School was visited on 27th September by OFSTED. This was a 'short' one-day inspection with just one inspector, intended simply to demonstrate that the school has continued to be a 'good' school in the 3 years since it was rated as 'good' after the previous inspection. I am delighted to say that our inspector, Mr Waeland, found that Lakeside continues to be a 'good school', with effective Safeguarding procedures and policies.

As you will see from his letter, the inspector found much to praise and commend. His investigations were thorough and careful, although his letter can only cover a limited proportion of the day's conversations and observations. There are so many positive features of Lakeside that contribute to the description of Lakeside being a 'good school'!

On behalf of the Governing Body, may I also express our congratulations and gratitude to Mrs Rogers, and all the teaching and non-teaching staff. It is due primarily to their amazing hard work and commitment that Lakeside continues to be a 'good' school in every respect.

With all good wishes and kind regards

Stuart Thomas

Chair of Governors
